

Drone Operations at JAA GA Airports

There two options to legally fly a drone.

- Hobbyists (Fly for hobby or recreation only)
- Part 107 (Small UAS Rule – recreation or commercial use)

Cecil and JaxEx

a.) Hobbyists:

- Must notify the JAA and Air Traffic Control tower prior to flying within 5 miles of an airport.
 - A. Cecil Tower: 904-779-1805
 - B. Craig Tower: 904-641-3022
 - C. JAA at Cecil Notification via the web: <http://www.flyjacksonville.com/content2015.aspx?id=1082>
 - D. JAA at JaxEx Notification via the web: <http://www.flyjacksonville.com/content2015.aspx?id=1112>
- Must maintain visual line of sight with the drone
- Never fly near other aircraft.
- Never fly near emergency response efforts.

B. Part 107 Operators:

- Receive a Remote Pilot Certificate from the FAA and waiver to fly in controlled airspace.
- Must notify the JAA and Air Traffic Control tower prior to flying within 5 miles of the airport.
 - A. Cecil Tower: 904-779-1805
 - B. Craig Tower: 904-641-3022
 - C. JAA at Cecil Notification via the web: <http://www.flyjacksonville.com/content2015.aspx?id=1082>
 - D. JAA at JaxEx Notification via the web: <http://www.flyjacksonville.com/content2015.aspx?id=1112>
- Fly within visual line of sight.
- Don't fly near other aircraft or over people.
- Fly only during daylight or civil twilight.
- Fly at or below 400 feet.
- * *Each rule is subject to waiver by the FAA. The operator must submit a waiver to FAA for review.*

Herlong:

a.) Hobbyists:

- Must notify the JAA prior to flying within 5 miles of an airport.
- *Notify JAA at Herlong via the web: <http://www.flyjacksonville.com/content2015.aspx?id=1082>*
- Must maintain visual line of sight with the drone
- Never fly near other aircraft.
