Questions and Responses
Pre-Submission Conference Attendance List**

Question #1. Section 5: References indicates that at least three (3) Reference Questionnaires must be submitted. If a respondent is submitting under multiple categories (e.g., stormwater, asbestos, and hazardous waste), should we provide three (3) questionnaires per category, or three (3) total for the firm?
a) Some public agencies have policies that prevent them from completing reference forms on behalf of consultants. Can JAA advise how respondents should address this requirement if prior clients are unable to complete the questionnaire?

**Response: 1. JAA will accept 3 total references for the firm, they do not have to be 3 references per category.
2. References are not required to come from public agencies; it can be a facility of similar size and scope as the Jacksonville Aviation Authority.**

Question #2. The RFQ indicates that submission of a Statement of Qualifications constitutes acceptance of the terms and conditions contained in the sample contract. As part of our standard internal process, our risk management team reviews professional services agreements prior to submittal and may propose limited revisions. Can you please confirm whether respondents are permitted to submit requested edits or exceptions to the sample contract as part of this RFQ? If so, where should these comments or markups be included within the SOQ?

Response: Any contract-related questions should be submitted during the Q&A period. Revisions should not be submitted with the Statement of Qualifications.

Question #3. Will the awarded consultant have the opportunity to negotiate mutually agreeable terms upon award?

Response: Cost may be negotiated upon award, but any questions regarding terms should be submitted during the Q&A period.

Questions are due by Tuesday, April 7, 2026 at 5:00 PM (EST).

Proposal Due Date is Monday, April 20, 2026 at 2:00 PM (EST).
