

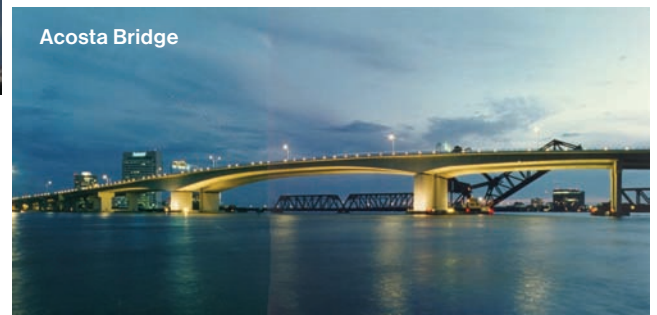

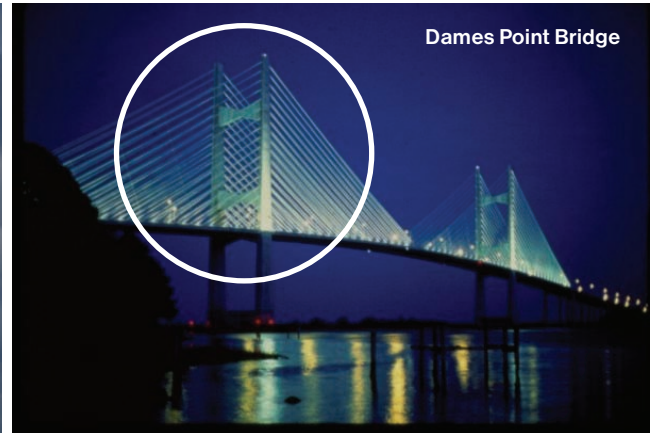

Graphic Standards Manual

Edition V.1

JAA

Jacksonville
Aviation
Authority

The Jacksonville Aviation Authority is the conduit through which millions of people will be introduced to the first coast of Florida. The logo system, therefore, needs to be a simple yet symbolic representation of things that are unique and memorable about the city of Jacksonville.

The logo draws clear inspiration from classic aviation iconography, easily identifying JAA properties as airports. But beyond the obvious, the mark also illustrates linear patterns and shapes from the many bridges that span the St. John's River.

The color palette also borrows from visual stimuli that are common to the Jacksonville area including water, citrus fruits, lush greenery and sunsets.

Going Beyond, Daily

Something has changed about us. What's changed is our approach to communicating with you. That means in the future, you can expect to see and hear a lot more from us, because we want to make sure you know just how important this community is to us. The way we see it, every day is a new opportunity: a chance to lift up Northeast Florida in new, different and unexpected ways. Whether it's welcoming tourists to the region, sending travelers all over the world or training the next generation of aviators, we are here to have a positive effect on our community. Not only will we continue to make a strong economic impact on the region, we will also strive to improve the way we serve you every time you fly, work or shop with us.

Jacksonville Aviation Authority

Jacksonville Aviation Authority: Imagery and Color

Type can be used separately from icons for airports when JAA logo is present in the same frame. Logotype can be reversed over very dark areas of multiplied images. See reversed usage.

When using feature photography for any, single airport, multiply the airports core color over the image to reinforce the color code.

When using feature photography for any, single airport, multiply the airports core color over the image to reinforce the color code.

Cecil

Cecil Airport

Jacksonville's economic engine just got a tune up.
